CAMPUS LIFE

Like every other school we believe that picnics, camps and trips are very essential for the overall growth of the students. Education can take place anywhere. You can teach anywhere. And a change of scene can give some students (and teachers) just the new situation they need. Change is good. School trips provide new experiences for students, tend to be well remembered and provide motivation for school work. Keeping this in view, we go for excursions and educational trips to various places in Rajasthan and outside state to enhance their knowledge ideas. The itinerary and arrangements are well supervised and executed by the staffs.
